RE: Letter of Recommendation

To Whom It May Concern,

The Aspen Consolidated Sanitation District has contracted with Aspen Digger over the last several years to replace and rehabilitate our sanitary sewer collection system. It has been a pleasure to work with such a professional organization as Aspen Digger.

Aspen Digger employs excellent main line utility workers that are talented, knowledgeable and detail oriented. They are committed to constructing an accurate and above average product in a safe manner.

Franz Stone, Aspen Digger's President, is a pleasure to work with. We have found him to be honest, easy to communicate with and willing to go beyond expectations.

We will not hesitate to continue contracting with Aspen Digger in the future.

Sincerely,

Thomas R. Bracewell
